OFFICIAL COMMUNICATION TO THE EXAMINER

Dear Sir:

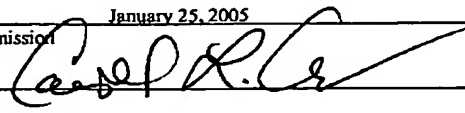

Examiner Easthom is thanked for his return call to Applicant's representative, Mr. Hunter, on January 25, 2006. During the call, Examiner Easthom indicated that the 1449 form that was timely submitted on August 15, 2005, listing an English Translation of Japanese Office Action for Japanese Patent Application No. 2003-362674 (corresponding to US 10/621,058), may be deficient for failing to include a date. Applicant strongly believes that the previously submitted 1449 form was not deficient for failing to include a date, since the supplied document itself clearly included the drafting date of June 7, 2005, and the 1449 form clearly identified the supplied document. However, in order to resolve this issue, and to expedite Applicant's obtaining a fully unambiguous indication from Examiner Sterrett that the timely-filed submission of the English Translation of Japanese Office Action for Japanese Patent Application No. 2003-362674 (corresponding to US 10/621,058) has been considered, submitted herewith is a supplemental 1449 form that includes the June 7, 2005 drafting date. This new 1449 form merely supplements the previous, timely-filed information disclosure statement.
